For ten years, she has consecutively closed at least 160 transactions per year.

"We made the move to Keller Williams in May 2016 to help grow the team and our business. The move was much needed and the team has had great success as our business and profitability has increased. My biggest fear was going backwards, but that didn't happen. The transition is teaching me how to run a business and my team properly. There are lots of systems and models to follow and everyone is willing to share! I look forward to the continued opportunities Keller Williams has to offer and cannot wait to see what the future has in store."

The Penwell Redmond Team - Previously with Vision Realty:

"Coming to Keller Williams was the best move for us. We really believe in giving back and helping others realize their dreams. Keller Williams is a Real Estate Company that has the same kind of values. Our mission from day one has been we are here to help you before, during and after the sale! We really work hard to deliver that. Well we found a company, in Keller Williams, which supports us so we can make this happen at even a higher level for our clients. The team at Keller Williams is amazing. The years of experience, and wealth of knowledge is unprecedented. The training is top notch. But even more important is the 'CULTURE.' Thanks for bring us into the fold."

The Andy Alger Team - Previously with Re/Max Platinum:

Andy began his career in real estate over 20 years ago, working with his brother-in-law at Linden Realty in Linden, MI. His vision of success for The Andy Alger Team does not center around awards or accolades, but rather on honest advice, a high level of integrity and personal interaction. Andy is a member of Flint Area Association of Realtors; Michigan Association of Realtors; and National Association of Realtors. He is a Floyd Wickman Real Estate Course two time graduate along with accomplishing the Brian Buffini Real Estate Training Course. Andy is also a Certified Counselor through Dave Ramsey and has the SRES (Senior Real Estate Specialist) certification along with being a 203K Specialist.

"After approx 20 years in Real Estate I had hit a ceiling and could not bust through it. What I realized is if I was going to be successful in getting to the next level, I needed to essentially reinvent myself and how I do business. It became clear that I also needed an environment that supported this growth. Keller Williams was a clear choice as it is, at its core, a growth driven company. Their exceptional depth of

training is amazing (recognized as the #1 training company across all industries!) and the culture of the company from the top down is one of an abundance mindset that you can't help but grow in both as a business owner and also as an individual. Shortly after joining Keller Williams I already began to see my business in a whole new way, and over two years later, that growth continues! My only regret is not joining Keller Williams 20 years ago!!”

Jason White - Previously with American Associates:

Jason is a full time, local Realtor specializing in Lake Properties and Luxury Properties in the Fenton, Holly, Linden, Grand Blanc, Flushing, Swartz Creek and Davison areas. Jason has lived in Genesee County since 1981. As a 20 year member of New Haven Church, his love for helping and serving others is the key to his success as a Realtor. He has worked in management and sales for 19 years. Jason also spent time as a mortgage broker, licensed banker and flipping houses.

“After months of research and multiple meetings with several brokers in the area, I selected Keller Williams for a variety of reasons. The first thing that I noticed about Keller Williams is the willingness to share information and successes. The technology and training that is offered at Keller Williams has helped me to really take my business to the next level. Another thing that really stood out to me was the positive and encouraging atmosphere, which has really carried over to my business and personal life. I am convinced that my business would not be in the upward direction that it is without the Keller Williams team and the opportunities that I have been presented with here at KW. Best decision that I have made for my family and my business!”
