

Powerful Equity Opportunities

We've redesigned the traditional brokerage to create a company where agents can become shareholders at eXp Realty. We offer every agent the unique opportunity to become a shareholder in their own company and celebrate the company's financial success.

All agents can earn equity awards for various achievements such as closing their first transaction as well as the opportunity to earn back their yearly commission cap in stock.

eXp Realty is publicly traded on Nasdaq under our parent company eXp World Holdings, Inc (NASDAQ: EXPI).
